megan@garagesaletrail.com.au

+61 409 593 854

Garage Sale Trail. A national not for profit waste education program centred around a day of garage sales preceded by a ten week media campaign. A short video explaining how it works can be found [here](#) Some of the outcomes from 2014 can be found [here](#) and some testimonials from other participating councils can be found [here](#)

We worked successfully with some members of the South East LGA and hope to do so again this year. I am also presenting at the Central Region Waste Forum in May - as there has been interest there also.
