ENTERED

Eyre and Western  
Zone Emergency Management Committee

29th August, 2018

76-01

Mr Tony Irvine  
Executive Officer  
Eyre Peninsula Local Government Association  
89 Liverpool St  
PT LINCOLN SA 5606

Dear Tony,

I am writing to you on behalf of the Chair of the Eyre and West Zone Emergency Management Committee (EW ZEMC) for you to raise the following Motion at the next LGA meeting (September 7).

MOTION:

**A Motion was raised and carried that there should be representation on the Eyre and Western Zone Emergency Management Committee from each of the councils within the Eyre Peninsula zone.**

The reasoning behind this is because that we have just had a complete turnover of members and Chair to the committee and we have to basically start from the beginning again and that information that is raised and discussed at this meeting may effect councils that are not present.

There are currently only 4 councils representing the whole of the Eyre Peninsula's 11 district councils. Whyalla, Cleve, Wudinna and Elliston)

Having all or the greater majority of councils attending the ZEMC on a regular basis would allow for a greater foundation of knowledge to stay within the committee and grow the region.

I am currently trying to arrange that the meetings will be conducted via 'Go To Meetings' for example to reduce the travel time and possibly increase attendance.

If you require any further information about this please contact Bryan Trigg or myself.

Yours sincerely

Craig Brassington  
Executive Officer EW ZEMC  
SA State Emergency Service
